### NUMBER TEN DRAWS AUTO AT FREE FAIR

If anyone in Torrance enjoyed the Fair and was sorry to see it come to a close it was "Hardware" Reeve. This genial merchant is a great lover of children and is never so happy as when surrounded by a group of youngsters. This ambition was fulfilled Saturday night when more than 600 kiddies surrounded his booth in expectation of the drawing of the lucky number that entitled the holder to the toy automobile that has been on exhibition at Reeves' store for two weeks.

That more than 2400 children between the ages of one and nine years registered at the booth during the five days of the Fiesta demonstrated the interest taken in the affair by the youngsters. The plan of the drawing was that ten tickets should be drawn from the ballot box, the tenth ticket being the lucky number. Number 10 was held by Warren Morrell who was the holder of ticket number 1519, of 1817 Cabrillo street, San Pedro, who, if he has retained his ticket and presents himself at the Reeves' Hardware Store this week will receive the coveted prize. If he fails to appear or has lost his ticket the prize will be given to Number 9, Milton Comin, ticket 149, of Torrance. The rule that the holder of the winning number must present himself personally at the store and must have in his or her possession their ticket, holds good down the entire list of ten numbers.

The other numbers drawn are 1473, Martha George, 2215 Arlington Avenue, Torrance; 402, Ruth Anderson, 1811 Andreo street, Torrance; 1505, Patricia Carlon, 2104 Gramercy street, Torrance; 2, Lawrence Treadwell, Torrance; 1495, Rea Detler, Torrance; 1400, Ruth Stranahan, Torrance; 129, Dorothy King, Torrance; 1410, Jack Boaz, Redondo.

As a consolation to nine of the ten holders of tickets who failed to win the capital prize, Mr. Reeve will give a twenty per cent discount on the purchase price of any toy he has in stock.

The capital prize is the most wonderful toy auto ever manufactured and combines every feature, except motive power, that the real article has including speedometer, head lights, a clock with real hands, bumpers, disc wheels, signal horn and all the trimmin's that is shown on a real, honest-to-goodness 1923 automobile.

#### MODERN WOODMEN NEWS

Last Thursday evening the Modern Woodmen of America of Redondo Camp held a big class adoption and later a big feed. Ice cream and cake galore adorned the tables. Two candidates, Carl Mayfield and Geo. Slocum of the local camp were given the full degree with three from Long Beach and the others from Redondo. Neighbors Fess, Miller, Morse, Fix of Torrance, Neighbors Gadeky of San Pedro, the Long Beach team of Long Beach and officers put on the work in their systematic style they always have. These Zone meetings are a great success and all those who do not take them in miss a lot. The next zone meeting for Torrance will be held September 13, with the local team and officers in charge of the work.

#### JOHN W. WIVINS PASSES

John W. Wivins of Keystone passed away last Saturday after a brief illness. Mr. Wivins came to Torrance in 1920 and a host of friends mourn his loss. He was born Mar. 9, 1859 in Jackson County, Iowa, and moved to Kansas City in 1872, later coming West. He was a member of the Woodmen of the World, Camp 49, Kansas City, and carried insurance. Deceased leaves two sisters, Mrs. Nettie Neishing and Mrs. Marguerite Campbell. Interment took place in Inglewood cemetery Monday at 1:00 o'clock.

### MOSQUITO CONTROL IS ADVOCATED

"The Skeeters 'll get you if you don't watch out." is the song being sung in the Harbor district this week by Edward Field in charge of the Mosquito Control and who is making a survey of the mosquito breeding places along the marshy shores on the low lands. While Mr.

#### WATERMELON FESTIVAL

The Modern Woodmen of America and Royal Neighbors of Torrance will give a watermelon festival to the San Pedro Camp of Woodmen and Royal Neighbors, next Wednesday evening, August 30.

This is an extra special meeting and every member of both Woodmen and Royal Neighbors should make every effort to be present. A joint business meeting will precede the social activities.

Romey Lee purchased a new Willy-Knight car during the Free Fair.

#### FOR SALE

W. S. YOUNG  
114 Diamond St. Redondo Beach

Field recognizes the fact that Torrance and Lomita are remarkably free from these pests he is nevertheless asking the cooperation of residents of these cities in assisting the less fortunate residents of the Harbor district in practicing the "ounce of prevention" method of extermination by seeing that no stagnant water is allowed to remain uncovered in this section.

The few easily followed rules that he suggests will, in his opinion, be beneficial to the entire district:

The control of the mosquito pest requires constant watching. To do so the mosquito must not be allowed to germinate. Therefore, the few following precautions should be observed, viz:

Do not permit water to stand and become stagnant. Empty all vessels containing water at least once a week; even a small empty can is a menace.

All cesspools must be closely covered.

All water tanks must be covered. Where there are back toilets they must be kept covered at all times.

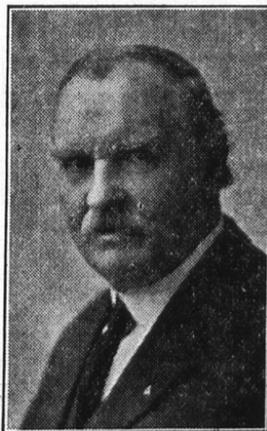

Kill the pests before they can fly or they will get you.

With all these precautions they will still be with us to a limited extent. They come by rail, by boat, and by automobile, but with care and attention they can and will be kept at a minimum. Mosquitoes are not only annoying but they are dangerous. Their bite may bring you a serious disease.

### FRIEND W. RICHARDSON

Champion of Economy

### for GOVERNOR of CALIFORNIA

He was state printer. He cleaned up the state printery and ran it with strict economy and up to a high standard. He has been state treasurer for two terms. He applied the policy of economy here also; he has done twice the work with no increase of expense. Now he wants to apply to the governing of California the same ordinary common-sense methods of economy.

The need of the people of California is a great need. In 1919 the legislative budget was fifty-two millions. In 1921, it had grown to ninety-one millions. State employees have

increased from four thousand to eleven thousand in six years.

A strong man is needed to dam the tidal wave of extravagance. Friend Richardson is the man. He is big enough to say no. He has given his word to eliminate every needless expense, to stop every leak, to lop off every dead branch, to make everyone earn every dollar that he gets of the state's money. He will do it without fear and with thoroughness.

He is asking for votes for the Republican nomination at the primary on August 29th
